BOAT SALES

LAKELAND LEISURE ESTATES

Description

Sukhavati is a delightful 30ft narrowboat with a cosy, thoughtful design that's ideal for anyone looking to enjoy a slower pace of life. Built by Heavy Metal Welding in Sawbridgeworth on a Springer hull, she offers a lovely balance of comfort and practicality in a neat, easy-to-manage size. Powered by a dependable Vetus M2.02 engine and last surveyed in 2022, she's ready for quiet weekends or longer journeys along the waterways.

Stepping aboard, you're welcomed by a surprisingly spacious interior thanks to the 6ft 3in headroom and open-plan layout. The galley kitchen has a lovely oak worktop, a round sink with character, a simple two-ring gas hob, and a handy under-counter fridge with a small icebox – everything you need for day-to-day living.

The living area is warm and inviting, with a comfy three-seater sofa bed and a solid multi-fuel stove that keeps things toasty on chilly nights. There's also space to pop in a small table or desk, perfect for meals or a quiet cuppa by the fire.

At the front of the boat, the bedroom feels snug and restful, with a double bed and storage tucked neatly underneath. Classic brass porthole windows add a soft, timeless feel and bring in natural light throughout the day.

The bathroom is a practical wet room with a shower, compost toilet, and useful storage space – simple, tidy, and eco-friendly.

With solar panels to help power your essentials and gas instant hot water, Sukhavati is designed to be as easy to live on as she is to love. Her Boat Safety Certificate runs until February 2029, giving peace of mind for the years ahead.

Whether you're dreaming of quiet mornings by the canal or evenings curled up with a good book, Sukhavati is a lovely little place to call home.
